UBK 885

Upright Bike

Like every piece of equipment in our Experience Series 880 Line, the UBK 885 upright bike adds value to your facility by combining essential reliability and ease-of-use with smooth pedaling and biomechanically correct geometry. The self-120 volt, 15 amp circuit UBK 885 features custom-designed handlebars with integrated touch heart rate in two places for maximum comfort and efficient workout experience. One-handed seat adjustment on or off the bike, redesigned saddle for riding comfort, and improved knee over pedal spindle (KOPS) geometry for efficient pedaling mean a smooth, comfortable workout.

The clean and proven design of the touch screen console makes it easy for exercisers, whether new to Precor or familiar, to locate controls, inputs and adjustments. The user interface delivers the modern-day touch screen responsiveness to swipes and selections as exercisers enjoy an alluring workout experience.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services and technologies we offer can be combined in countless ways to complement the programs, and atmosphere you're creating.

PRODUCT HIGHLIGHTS

- 1 Console**

The 880 line console not only offers a brilliant 15" screen that's ergonomically positioned to deliver crystal clear entertainment viewing for exercisers in motion, but when networked is also a direct-to-exerciser communication portal allowing you an opportunity to build your brand, share information about activities and services, and strengthen the sense of community within your facility.
- 2 Over-molded handlebars**

Over-molded style adds comfort and durability while offering dual heart rate contacts and three ergonomic riding positions: upright, cruising and road.
- 3 Seat Adjustment and Improved saddle design**

The simple seat adjustment allows the user to change the position of the seat with one hand, while either on or off the bike.
- 4 Dual-sided Pedals**

The dual-sided pedals allow the user to use the pedals with or without the integrated straps. The extra wide pedals comfortably accommodate feet of all sizes to ensure proper pedaling form.
- 5 Ease of Maintenance**

The easy to remove shroud ensures easy access to the belt-drive system for maintenance and servicing without removing the pedals or crank.

PRODUCT SPECIFICATIONS

Dimensions (L x W x H): 48 x 21 x 57 inches / 122 x 53 x 157 centimeters
Weight: 169 lbs / 77 kg
Power: 120 volt, 15 amp circuit

Total Workouts: 17
Resistance Levels: 25
Minimum Watts: 18 (level 1 at 20 RPM)
Maximum Watts: 750 (level 25 at 150 RPM)
