

## UBK 615 Recumbent Bike ASSURANCE™ SERIES

Like every piece of equipment in the Assurance™ Series, the UBK 615 adds value to your facility by combining essential reliability and ease-of-use with smooth pedaling and biomechanically correct geometry. The UBK 615 features a console that provides clear visuals and a familiar layout that makes it easy for user to explore a variety of satisfying workouts.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services, and technologies we offer can be combined in countless ways to complement the programs and atmosphere you're creating.

# UBK 615 Recumbent Bike

## ASSURANCE™ SERIES

### Product Highlights

The self-powered UBK 615 upright bike features custom-designed handlebars with integrated handheld heart rate for maximum comfort. The intuitive seat adjustment, redesigned saddle for riding comfort, and improved knee over pedal spindle (KOPS) geometry for efficient pedaling creates a smooth, comfortable workout.

### Product Features

#### 1. Console

Clear visuals and familiar layout increase program exploration, leading to greater satisfaction. Durable dome switches are tactile, responsive and easy for everyone to use.

#### 2. Over-molded Handlebars

Over-molded style adds comfort and durability while offering heart rate contacts\* and three ergonomic riding positions: upright, cruising and road.

#### 3. Seat Adjustment and Improved Saddle Design

The intuitive pop pin seat adjustment allows users to easily change seat height.

#### 4. Pedals

The extra wide pedals comfortably accommodate feet of all sizes to ensure proper pedaling form and feature integrated, adjustable straps.

#### 5. Ease of Maintenance

The easy to remove shrouds ensure easy access to the belt-drive system for maintenance and servicing without removing the pedals or crank arms.

Optional wireless entertainment cap

Streamlined LED Console

Streamlined LED Console with optional 15" Personal Viewing System

\* The heart rate feature is intended for reference only. They may not be accurate for every user or at every intensity and are not intended for use as a medical device.
