

## TRM 835 Treadmill EXPERIENCE™ SERIES

Like every piece of equipment in our Experience Series 830 Line, the RBK 835 adds value to your facility by combining essential reliability and ease-of-use with smooth pedaling and biomechanically correct geometry. The 830 line console complements the line through form and function, with easy-use-motion controls, a LED-based display with essential workout stats to keep exercisers moving, and a mobile device charger.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services and technologies we offer can be combined in countless ways to complement the programs, and atmosphere you're creating.

# TRM 835 Treadmill

## EXPERIENCE™ SERIES

### Product Highlights

The TRM 835 combines thoughtful design and performance to deliver an exerciser experience that feels right. The TRM 835 makes it easier for you to provide a customer-focused environment. Quiet and efficient, the streamlined assembly includes diagnostic tools to increase uptime and keep operating costs down.

### Product Features

#### 1. Console

The P30 console features easy-touch motion controls and uses a LED-based console that focuses on the essential fitness stats that keep exercisers moving.

#### 2. Power Factor Correction (PFC)

The highly efficient 4 HP AC motor drives are optimized with PFC for increased efficiency, improved performance, and up to 30% reduction in energy consumption.

#### 3. Integrated Footplant Technology™

Integrated Footplant Technology recognizes the exerciser's natural foot speed and matches every stride for an ultra-smooth feel that enhances the workout experience.

#### 4. Ground Effects® Impact Control System

This patented system combines ideal cushioning, support, and stability for exercisers. Precor treadmill decks are designed to provide more absorption in the front where exercisers' feet hit the belt. Added rigidity at the back of the belt allows for a firm push-off.

#### 5. Active Status Light

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform lifeextending maintenance.

## SPECIFICATIONS

**Dimensions (L x W x H):** 83 x 35 x 62 in / 211 x 89 x 157.5 cm

**Weight:** 420 lb / 190 kg

**Power:** 120 volt, 20 amp circuit

**Total Workouts:** 27

**Motor Drive:** 4 HP AC motor with Power Factor Correction
