

CU900ENT UPRIGHT BIKE

Easy Seat Adjustment

Users get the best of both in motivation and entertainment with the CU900ENT Upright Bike. The 10.1" touchscreen display allows users to watch TV, surf the internet and stream music while they work out. Three workout display modes give users plenty of feedback on their performance and progress. Commercial-grade pedals, cranks and bearings provide outstanding function and durability.

CU900ENT UPRIGHT BIKE

- Extra wide, 8 groove poly-v belt, spring loaded idler for reduced belt tension for longer belt and bearing life
- Quick adjust seat easily slides to accommodate users of various heights
- Oversized 1" crank axle along with heavy duty roller bearings for reliable longevity
- Easy in and out ratcheting pedals with 2-degree pedal inversion for a comfortable workout
- 40 levels of resistance will keep your clients engaged during their entire workout

Integrated adjustable fan for workout comfort

10.1" touchscreen display with multiple viewing modes

Tablet friendly reading rack holder

Accessory tray for secure placement of keys, smartphones, etc.

TV Watch your favorite TV shows right on the console, control the volume, and switch channels by tapping the virtual buttons on the screen.

DISPLAY The system provides 3 different viewing modes (Simple, Track, Dashboard) to fine tune your workout experience.

INTERNET Easily access preselected websites and online apps such as YouTube, Facebook, and Twitter through the internet on the touchscreen.

SETTINGS The console is fully configurable with in-depth console settings. Easily set up the internet connections and modify what websites are available for the user. Also, customize the TV settings, perform diagnostics and maintenance, change default language, update software version, and more.
