

# EFX<sup>®</sup> 443 ELLIPTICAL

Your lifestyle is fitness. And your equipment needs to go the distance. The Precision™ Series Ellipticals are commercial models for your home with the design and features favored by fitness center exercisers and owners. New technology uses your preferences and exercise data to deliver a personalized workout experience that promotes better results and saves you time. The Precision Series is club-proven reliability in an Elliptical personalized for your home.

# EFX<sup>®</sup> 443 ELLIPTICAL

# 443

**PRECOR**

## HIGHLIGHTS

### CrossRamp<sup>®</sup> Technology

Precor CrossRamp technology adjusts the shape of the elliptical path your feet travel so you can target specific muscles or all major lower body muscle groups.

### Proper Biomechanics and Variable Stride Geometry™

Our patented elliptical path perfectly mimics a natural running stride allowing exercisers to keep their heels down through all ranges of motion for a more comfortable, effective and ergonomically correct workout.

### Preset Workouts

24 preset workouts help you tailor your exercise to your fitness goals and stay challenged. Built-in Work Out Accelerators suggest ways to get more out of your workout.

### Lower Body Focus

Stationary handlebars focus your workout on the large muscles in your legs and glutes.

### Customizable Display

Customize the capacitive touch display to show the data most important to you. USB port charges your mobile device. The on-screen music volume and play controls and console headphone jack are more secure than resting your music player on the console.

### Lever style Motion Controls

Just like the Precor models in health clubs, lever style controls for CrossRamp<sup>®</sup> elevation and resistance are responsive, intuitive and easy to use while on the elliptical.

### Heart Rate Monitoring

Maximize your workout results with touch sensor and wireless heart rate monitoring\*. Works with any Polar<sup>®</sup> compatible wireless heart rate transmitter (included with purchase).

## SPECIFICATIONS

### CrossRamp<sup>®</sup> Movement:

Motorized variable

### CrossRamp<sup>®</sup> Elevation Range:

15° - 40°

### Handlebars:

Stationary

### Heart Rate Monitoring\*:

Touch sensor and wireless with any Polar<sup>®</sup> compatible chest strap transmitter

### Number of Workout Metrics:

27

### Preset Workouts:

24 + 16 exerciser created

### User IDs:

4

### Resistance System:

Electromagnetic

### Resistance Levels:

20

### Console Display:

7" color LCD graphic display

### CrossRamp & Resistance Controls:

Lever style motion controls

### Dimensions (LxWxH):

84 x 31 x 67 in

213 x 79 x 171 cm

### Weight:

240 lb / 109 kg

### Power:

120V, 50/60 Hz

### Warranty:

Lifetime frame and welds  
10-year parts and wear items  
3-year console, 1-year labor

## FEATURES
