

RBK 835 Recumbent Bike EXPERIENCE™ SERIES

Like every piece of equipment in our Experience Series 830 Line, the RBK 835 adds value to your facility by combining essential reliability and ease-of-use with smooth pedaling and biomechanically correct geometry. The 830 line console complements the line through form and function, with easy-use-motion controls, a LED-based display with essential workout stats to keep exercisers moving, and a mobile device charger.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services and technologies we offer can be combined in countless ways to complement the programs, and atmosphere you're creating.

RBK 835 Recumbent Bike

EXPERIENCE™ SERIES

Product Highlights

The RBK 835 Recumbent Bike features a step-through design to appeal to exercisers of all ages. The simple seat adjustment allows the user to change the position of the seat with one hand, either on or off the bike. A ventilated air flex seat provides exceptional comfort.

Product Features

1. Console

The P30 console features easy-to-use motion controls and uses a LED-based console that focuses on the essential fitness stats that keep exercisers moving.

2. Step-through Design

Designed for easy entry, the recumbent bike has a step-through design (14 in / 36 cm wide) with a low step-over height (4 in / 10 cm).

3. Air Flex Seat Back

The custom-designed air flex seat features a ventilated panel and unique suspension system for a cool, cushioned ride.

4. Seat Adjustment

The simple seat adjustment allows the user to change the position of the seat with one hand, either on or off the bike.

5. Ease of Maintenance

The easy to remove shroud ensures easy access to the belt-drive system for maintenance and servicing without removing the pedals or crank.

6. Dual-sided Pedals

The dual-sided pedals allow the user to use the pedals with or without the integrated straps. The extra wide pedals comfortably accommodate feet of all sizes to encourage proper pedaling form.
