

RBK 615 Recumbent Bike ASSURANCE™ SERIES

Like every piece of equipment in the Assurance™ Series, the RBK 615 adds value to your facility by combining essential reliability and ease-of-use with smooth pedaling and biomechanically correct geometry. The RBK 615 features a console that provides clear visuals and a familiar layout that makes it easy for user to explore a variety of satisfying workouts.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services, and technologies we offer can be combined in countless ways to complement the programs and atmosphere you're creating.

RBK 615

Recumbent Bike
ASSURANCE™ SERIES

Product Highlights

The self-powered RBK 615 recumbent bike features a step-through design that allows for easy entry and exit. The simple seat adjustment enables the user to change the position of the seat with one hand, either on or off the bike. A ventilated air flex seat provides exceptional comfort.

Product Features

1. Console

Clear visuals and familiar layout increase program exploration, leading to greater satisfaction. Durable dome switches are tactile, responsive, and easy for everyone to use.

2. Step-through Design

Designed for easy mounting by the rider, the RBK 615 has a step-through design (14 in / 36 cm wide) with a low step-over height (4 in / 10 cm).

3. Ultra Comfortable Recumbent Seat Back

Custom-designed air flex seat, featuring a ventilated panel and unique suspension system for a cool, cushioned ride.

4. Seat Adjustment

The simple seat adjustment allows the user to change the position of the seat with one hand, either on or off the bike.

5. Ease of Maintenance

The easy to remove shrouds ensure easy access to the belt-drive system for maintenance and servicing without removing the pedals or crank arms.

6. Pedals

The extra wide pedals comfortably accommodate feet of all sizes to ensure proper pedaling form and feature integrated, adjustable straps.

Streamlined LED Console

Streamlined LED Console
with optional 15" Personal
Viewing System
