## EXPERIENCE™ SERIES

### Product Highlights

The UBK 835 Upright Bike features custom-designed handlebars with integrated touch heart rate for an efficient workout experience with maximum comfort. One-handed seat adjustment on or off the bike, a redesigned saddle for riding comfort, and improved knee over pedal spindle (KOPS) geometry for efficient pedaling all provide a smooth, comfortable workout.

### Product Features

#### 1. Console

The P30 console features easy-to-use motion controls and uses a LED-based console that focuses on the essential fitness stats that keep exercisers moving.

#### 2. Over-molded Handlebars

The over-molded style adds comfort and durability while offering dual heart rate contacts and three ergonomic riding positions: upright, cruising, and road.

#### 3. Seat Adjustment and Improved Saddle Design

The simple seat adjustment allows the user to change the position of the seat with one hand, either on or off the bike.
