

UBK 885 Upright Bike EXPERIENCE™ SERIES

Like every piece of equipment in our Experience Series 880 Line, the UBK 885 upright bike adds value to your facility by combining essential reliability and ease-of-use with smooth pedaling and biomechanically correct geometry. The UBK 885 features custom-designed handlebars with integrated touch heart rate in two places for maximum comfort. One-handed seat adjustment on or off the bike, redesigned saddle for riding comfort, and improved knee over pedal spindle (KOPS) geometry for efficient pedaling mean a smooth, comfortable workout.

The clean and proven design of the P82 touch screen console makes it easy for exercisers, whether new to Precor or familiar, to locate controls, inputs, and adjustments. The user interface delivers touch screen responsiveness to swipes and selections as exercisers enjoy an uninterrupted workout.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services, and technologies we offer can be combined in countless ways to complement the programs and atmosphere you're creating.

UBK 885 Upright Bike

EXPERIENCE™ SERIES

Product Features

1. Console

The P82 console not only offers a brilliant 15 in / 38.1 cm screen that's ergonomically positioned to deliver crystal-clear entertainment viewing for exercisers in motion, but when networked, is also a direct-to-exerciser communication portal allowing you an opportunity to build your brand, share information about activities and services, and strengthen the sense of community within your facility.

2. Over-molded Handlebars

The over-molded style adds comfort and durability while offering dual heart rate contacts and three ergonomic riding positions: upright, cruising, and road.

3. Seat Adjustment and Improved Saddle Design

The simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike.

4. Dual-sided Pedals

The dual-sided pedals allow the exerciser to use the pedals with or without the integrated straps. The extra-wide pedals comfortably accommodate feet of all sizes to encourage proper pedaling form.

5. Ease of Maintenance

The easy-to-remove shroud ensures quick access to the belt-drive system for maintenance and servicing without removing the pedals or crank.

SPECIFICATIONS

Dimensions (L x W x H): 48 x 21 x 62 in / 122 x 53 x 157 cm

Weight: 169 lb / 77 kg

Power: 120 volt, 15 amp circuit
