POSITIVE POSTURE®

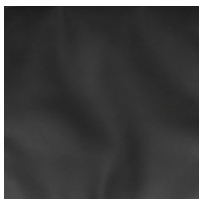

ADD A RAY OF SUNSHINE TO YOUR EVERYDAY

Make a space for yourself. Sit back and unwind in your Sōl massage chair. Quiet your body and mind while you let Sōl's L-track massage relieve your shoulders, back, glutes, and hamstrings. Proprietary Comfort Wave™ motion uses traditional Chinese side-to-side massaging to boost energy and improve circulation. Air cells in the attached legrest gently knead and relieve tight calves. The Sōl features programmed and manual sessions and a conveniently located USB port for charging your smart device. Sōl: complete comfort at an economical price.

AN IMPRESSIVE COLLECTION OF FEATURES

Massage Mechanism with Comfort Wave Motion

In addition to kneading, tapping, and rolling, Söl offers a proprietary side-to-side “Comfort Wave” movement.

L-Track Design

The L-Track is designed to trace the natural curves of the human body, allowing Sol to effectively massage your neck, back, glutes, and hamstrings.

Air Massage

The therapeutic air massage targets your legs and hips providing tension relief for your lower body.

Heat

Deep, relaxing, infrared therapy warms your lower back, increasing blood flow and providing soothing relief where you need it most.

Recline with True Zero Gravity®

With a push of a button the seat back reclines and elevates your legs to a position that is comfortable and therapeutic.

Stylish Controls

The easy-to-use controls offer customized massage and seating settings.

USB Power Port

The USB port offers convenient access for charging so you can recharge your devices while you recharge your body.

Designed and developed in Boulder, Colorado: the happiest city in the USA¹.
