

The XE195 is our entry level elliptical. It is just as dependable as our other models, but with a few less programs and features. This model is very appealing to someone that wants a reliable unit without the adjustability and added features.

FEATURES

- 7.5" bright blue backlit LCD screen
- Smooth 20" stride is the optimal length for user comfort
- Durable track system with concave roller wheels and aluminum rails for added stability and durability
- Narrow 2" pedal spacing with 2-degree inversion angle provides a comfortable foot placement for users of any size
- Adjustable console angle, tablet friendly reading rack, and cooling fan for added comfort
- Contact and wireless heart rate monitoring options make your workouts more effective (chest strap transmitter not included)
