

# RUBBER BUMPER PLATES

*FPD's Rubber Bumpers Plates are manufactured from top quality, high durometer rubber. The high quality rubber is ideal for producing a consistent dead bounce on the drop, and maintaining the long-term integrity of the plates. FPD Rubber Bumper Plates may be sold in pairs or in full sets of 10lb, 25lb, 35lb, 45lb, & 55lb.*

## PRODUCT FEATURES

### DEAD BOUNCE

High quality rubber allows for a consistent dead bounce, allowing the bumper plates to maintain their durability. All plates are IWF standard 450mm in diameter and are perfect for executing technical lifts.

### DURABILITY & WARRANTY

All Plates have a steel insert with a rubber coating to protect plates over time. Plates have a one year warranty protecting against regular use of the product. All moldings create a great look that will not fade over time with regular use.
