QUICKFIT

TRUE®

SM2000 MULTI STATION SYSTEM

Featuring modern styling, premium aesthetics, and high quality commercial construction, the Quickfit by TRUE Fitness is a compact and space-efficient solution that provides unlimited exercise possibilities within the convenience of your home.

FEATURES

- Single tower design allows Quickfit to fit perfectly into any corner
- Unique fold-up feature reduces footprint for storage purposes
- 6 engagement points offer wide range of Traditional, Sports Specific, and Functional Training exercise choices
- Adjustable seat, pivoting back pad, and dual rubber-coated foot placements offer support as needed for upper body push and pull exercises
- Unique sliding seat design and row handle attachment convert Quickfit into an indoor rower for maximum aerobic and anaerobic conditioning
- Color coded procedure label includes beginning and ending positions for 19 exercises broken into 6 categories: Legs, Chest/Back, Shoulders, Arms, Core, and Sports Specific
- Training accessories include: Nylon D Handles (4), Long Nylon D Handles (2), and Thigh Strap
