

LS-FB - FLAT BENCH

PRODUCT FEATURES

The Legion LS-FB Flat Bench has a single-piece mainframe which increases the weight load and durability – plus a low to ground, compact profile. This heavy duty weight bench provides stability for extensive strength training exercises and has knurled handles and wheels for enhanced portability.

The Legion LS-FB Flat Bench features a comfortable, high density foam backrest and seat pad with reinforced double stitched seams.

This flat bench is made with 11-gauge steel as well as a dense foam pad for optimal stability and comfort throughout all reps and sets.
