

Upright Bike 4.0U

SPIRIT
powered by *dyaco*

Experience the transformative power of the 4.0U upright bike, meticulously crafted to rejuvenate rehabilitation with unrivaled comfort and precision. Engineered with precision and comfort at its core, plus self-generating power eliminates the hassle of cords.

Conquer rehabilitation goals with exercises tailored to your client's needs:

- Fully adjustable high-density foam seat
- 40 levels of resistance
- 11 innovative programs for a variety of patient's needs
- Oversized self-leveling foot pedals

The upright position fosters proper posture and alignment, maximizing the effectiveness of every session.

Seat can be adjusted vertically and horizontally

Upper handlebars provide added stability during intense workouts

Intuitive, easy-to-read display
